Report Title: Open Sales Orders By Product Line – Landscape Orientation

Description: Groups Sales Order line items by Product Line

Module: Sales Order

Database Files: Item, SalesOrderDetail, SalesOrderHeader

Issue: Management wants information on the quantity and value of inventory on Sales Order for each Product Line.

Resolution: Add this report to your Sales Order Custom Reports Menu and identify the quantity ordered, quantity shipped, quantity backordered and extension amount grouped by Product Line. If you prefer your reports to print Portrait orientation, take a look at the Open Sales Order By Product Line – Portrait report.

Installation: Once your payment is processed, the report template is sent to you via email. Your product lines must be added as values for the Product Line parameter field. You may elect to install the template yourself or the staff at Conner Ash P.C. will be happy to assist you for a small additional charge.

Customization: Additional customization is available at our current hourly rate.

Contact: To place an order or if you need additional information, please contact either Suzanne Watson or Sue Deters at (314) 205-2510.
